Have you ever thought about how awesome it would be to mentor an energetic youngster with a passion for the trades? Have the opportunity to train someone and provide excellent working habits?....It's not a dream, you don't have to wake up, you just need to get involved. Every year Erie 1 BOCES educates over 100 students in their construction trades programs and are always looking for mentors and business partners to support students through internships and summer co-ops. The time is now, take advantage of learning about opportunities that exist and let us breakdown the "real laws" regarding needing to be 18 to be on a job site.

Presenters: Anedda Trautman & Lori Smith

Anedda Trautman is the Director of Career and Technical Education (CTE) division of Erie 1 BOCES. She is responsible for all phases of the division's programming, including planning, general program management, personnel management, community/school relations, fiscal management and facilities management.

Before joining Erie 1 BOCES, Trautman worked as a principal for the Niagara Career and Technical Education Center of Orleans/Niagara BOCES and a lecturer for the State University College at Buffalo. She has 18 years of experience in education.

Lori Smith is a Career and Tech Education Specialist and PTECH Coordinator with Erie 1 BOCES. A major focus of Lori's is to strengthen the connections between WNY industry leaders and businesses with our CTE programs & students to help fill the pipeline of skilled trades workers needed in all facets of WNY industry.
