

Workforce & Education Director--Jenn Van Dusen

Jenn started with the Construction Exchange in 2021. Jenn is responsible for planning and managing the Construction University classes, developing and growing the CONEX Careers App, and educating the youth and public on careers within the construction industry.

Jenn spent the first half of her career in education and youth services after receiving her NYS Teacher Certification and Master's degree in Curriculum and Instruction from Buffalo State College. Her move to the Construction Exchange was driven by her desire to address an apparent, and undiscussed, void within the current education system—the lack of real-world preparation of our youth by the minimal exposure to careers within the trades and beyond not requiring a four-year college degree.

Jenn lives in Lewiston, NY with her husband, Jordan, of 1 year and their fur baby, Teddy Bear. Jenn enjoys spending time with her family and friends, golfing, boating, and cheering on her local sports teams. GO BILLS!
