

Dear Construction Industry Supporter,

Please consider becoming a sponsor of the Construction Industry Education Foundation's "12 Days of Christmas" and support the organization in its mission of developing the future workforce of our industry.

Your sponsorship will improve educational opportunities for area youths and benefit the local construction industry. Foundation programs inspire an interest in construction and provide direct financial support to ensure that those pursuing a career in the industry have the experience and education they need to succeed.

Since 2005, the Foundation has awarded \$200,000 in scholarships to students pursuing a construction related degree program or tools for those entering directly into a trade. The Foundation also provides support to programs such as Niagara-Orleans BOCES, Boys and Girls Club of Buffalo & WNY, WNY Regional Future City Competition, the Buffalo Architecture Foundation's award-winning Architecture + Education program, Camp Hard Hat, and other industry programs aligned with our mission.

The Foundation also works closely with the McKinley High School building trades program and provides materials for them to build two fully finished 330 square foot tiny houses. Without the Foundation's support, these students would not receive this valuable hands-on training.

Longer term, the Foundation is working with Causewave Community Partners to implement a plan to retain workers and improve our community's perception of careers in the industry.

The "12 Days of Christmas" has become a popular in-person and virtual drawing with \$11,000 in prizes given away. Members purchase tickets to be entered for the drawing which will be held daily for days 12 through 7 beginning December 8. Days 6 through 1 will be drawn at the Christmas Cocktail Reception on December 16, 2022.

Please contact Julie Rayner at (716) 874-3435 with any questions.

Sincerely,

Paul Lamparelli  
Chairman, Construction Industry Education Foundation
